#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Harris County Municipal Utility District No. 53 Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Harris County Municipal Utility District No. 53 (the "District"), as of and for the year ended May 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Board of Directors Harris County Municipal Utility District No. 53

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of May 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the Water District Financial Management Guide is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

M'Call Dibson Swedlund Barfoot PLLC

McCall Gibson Swedlund Barfoot PLLC Certified Public Accountants Houston, Texas

September 14, 2021

Management's discussion and analysis of the financial performance of Harris County Municipal Utility District No. 53 (the "District") provides an overview of the District's financial activities for the fiscal year ended May 31, 2021. Please read it in conjunction with the District's financial statements.

#### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

#### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets, liabilities, and, if applicable, deferred inflows of resources and deferred outflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

#### **FUND FINANCIAL STATEMENTS**

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, operating costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

#### FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

#### NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

#### OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities by \$32,607,657 as of May 31, 2021. A portion of the District's net position reflects its net investment in capital assets (land, buildings and the District's capacity in the NCWA facilities as well as water, wastewater, drainage facilities, less any debt used to acquire those assets that is still outstanding).

#### GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The following is a comparative analysis of government-wide changes in net position:

	Summary of Changes in the Statement of Net Position				
	202	:1	2020		Change Positive Negative)

Net Position, End of Year	\$	32,607,657	\$	30,403,757	\$	2,203,900

#### FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of May 31, 2021, were \$11,433,939, a decrease of \$1,052,794 from the prior year.

The General Fund fund balance decreased by \$552,746, primarily due to operating and capital costs exceeding tax and service revenues.

The Debt Service Fund fund balance decreased by \$499,953, primarily due to the structure of the District's outstanding debt service requirements.

The Capital Projects Fund fund balance decreased by \$95.

#### GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Directors adopted an unappropriated budget for the current fiscal year. Actual revenues were \$193,356 higher than budgeted revenues and actual expenditures were \$285,349 more than budgeted expenditures which resulted in a negative variance of \$91,993. See the budget to actual comparison for more information.

#### LONG-TERM DEBT ACTIVITY

As of May 31, 2021, the District had total bond debt payable of \$6,135,000. The changes in the debt position of the District during the fiscal year ended May 31, 2021, are summarized as follows:

Bond Debt Payable, June 1, 2020	\$ 9,185,000
Less: Bond Principal Paid	 3,050,000
Bond Debt Payable, May 31, 2021	\$ 6,135,000

The District maintains an underlying rating of A. The Series 2012 bonds carry an insured rating of AA by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2014 Refunding bonds carry an insured rating of AA by virtue of bond insurance issued by Municipal Assurance Corp. The above ratings are as of May 31, 2021, and reflect all rating changes through the fiscal year-end.

#### **CAPITAL ASSETS**

Capital assets as of May 31, 2021, total \$27,055,964 (net of accumulated depreciation) and include land, buildings, capacity in the NWCA facilities, and the water, wastewater and drainage systems. Significant capital asset activity completed during the current fiscal year included sidewalk improvements, phase 2, Sonoma Ranch lift station automatic transfer switch, Sonoma Ranch, Section 4 sanitary sewer line extension, South Silver Green waterline replacement, waterline and sanitary sewer force main improvements and painting of facilities. Construction in progress at year end included electrical improvements at the regional wastewater treatment plant and sidewalk improvements, phase 3.

Capital Assets At Year-End, Net of Accumulated Depreciation

## HARRIS COUNTY MUNICIPAL UTILITY DISTRICT NO. 53 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MAY 31, 2021

Net Change in Fund Balances - Governmental Funds	\$ (1,052,794)
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	(6,609)
Governmental funds report penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when penalties and interest are assessed.	7,066
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(1,064,524)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	1,314,247
Governmental funds report bond principal payments as expenditures. However, in the Statement of Net Position, bond principal payments are reported as decreases in long-term liabilities.	3,050,000
Governmental funds report interest expenditures on long-term debt as expenditures in the year paid. However, in the Statement of Net Position, interest is accrued on the long-term debt through fiscal year-end.	 (43,486)
Change in Net Position - Governmental Activities	\$ 2,203,900

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 1. CREATION OF DISTRICT

Harris County Municipal Utility District No. 53 of Harris County, Texas was created by an Order of the Texas Water Rights Commission effective May 30, 1973, presently known as the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, solid waste collection and disposal, including recycling, parks and recreational facilities for the residents of the District. The District is also empowered to contract for or employ its own peace officers with powers to make arrests and to establish, operate and maintain a fire department to perform all fire-fighting activities within the District. The Board of Directors held its first meeting on July 24, 1973, and the first bonds were sold on December 13, 1976.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

The District has entered into a joint venture with Harris County Fresh Water Supply District No. 51 and Harris County Water Control and Improvement District No. 36 for wastewater disposal through a regional wastewater treatment plant. See Note 8 for additional disclosure.

The District also participates in the North Channel Water Authority regional water production facilities. See Note 9 for additional disclosure.

#### Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

#### Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense of the government-wide Statement of Activities.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Fund Financial Statements**

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

#### Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, operating costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

#### **Basis of Accounting**

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

Amounts transferred from one fund to another fund are reported as other financing sources or uses. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of May 31, 2021, the Debt Service Fund owed the General Fund \$5,682 for maintenance tax collections.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings and Improvements	20-40
Water System	10-45
Wastewater System	10-45
Drainage System	10-45

#### **Budgeting**

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original budget amounts compared to the actual amounts of revenues and expenditures for the current year.

#### Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service has determined that fees of office received by Directors are considered to be wages subject to federal income tax withholding for payroll purposes only.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

*Nonspendable*: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted*: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District has no committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. As of May 31, 2021, the District has assigned \$507,423 of the General Fund fund balance to use for a projected budget deficit for the fiscal year ending May 31, 2022.

*Unassigned*: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 2. SIGNIFICANT ACCOUNTING POLICIES** (Continued)

#### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

#### NOTE 3. LONG-TERM DEBT

	Series 2012	Refunding Series 2014
Amount Outstanding – May 31, 2021	\$2,920,000	\$3,215,000
Interest Rates	3.00%	4.00%
Maturity Dates – Serially Beginning/Ending	September 1, 2022/2024	September 1, 2021
Interest Payment Dates	September 1/ March 1	September 1/ March 1
Callable Dates	September 1, 2019 (1)	Non-callable

(1) Or on any date thereafter callable at par plus unpaid accrued interest from the most recent interest payment date to the date of redemption.

The following is a summary of transactions regarding bonds payable for the year ended May 31, 2021:

		June 1, 2020	A	dditions	R	etirements		May 31, 2021
Bonds Payable Unamortized Discounts Unamortized Premiums Bonds Payable, Net	\$ <u>\$</u>	9,185,000 (30,868) 102,489 9,256,621	\$ \$	-0-	\$	3,050,000 (6,739) 60,239 3,103,500	\$	6,135,000 (24,129) 42,250 6,153,121
			Amo	unt Due With unt Due Afte Is Payable, N	r One		\$ <u>\$</u>	3,215,000 2,938,121 6,153,121

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 3. LONG-TERM DEBT** (Continued)

As of May 31, 2021, the debt service requirements on the bonds outstanding were as follows:

Fiscal Year	 Principal	Interest		Total		
2022	\$ 3,215,000	\$	151,900	\$	3,366,900	
2023	920,000		73,800		993,800	
2024	975,000		45,375		1,020,375	
2025	 1,025,000		15,375		1,040,375	
	\$ 6,135,000	\$	286,450	\$	6,421,450	

As of May 31, 2021, the District had authorized but unissued bonds in the amount of \$20,200,000 for acquiring and constructing water, sewer and drainage systems and authorized but unissued bonds in the amount of \$16,850,000 for refunding purposes.

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District, without limitation as to rate or amount, and are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and sanitary sewer system.

During the year ended May 31, 2021, the District levied an ad valorem debt service tax rate of \$0.30 per \$100 of assessed valuation, which resulted in a tax levy of \$2,844,998 on the adjusted taxable valuation of \$948,332,728 for the 2020 tax year. The bond resolutions require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

#### NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS

The District has covenanted that it will take all necessary steps to comply with the requirement that rebatable arbitrage earnings on the investment of the gross proceeds of the Bonds, within the meaning of section 148(f) of the Internal Revenue Code, be rebated to the federal government. The minimum requirement for determination of the rebatable amount is on the five-year anniversary of the issue.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 4. SIGNIFICANT BOND RESOLUTION AND LEGAL REQUIREMENTS (Continued)

The bond resolutions state that the District is required to provide to certain information repositories continuing disclosure of annual financial information and operating data with respect to the District. The information is of the general type included in the annual audit report and must be filed within six months after the end of each fiscal year of the District.

#### NOTE 5. DEPOSITS AND INVESTMENTS

#### <u>Deposits</u>

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$4,264,526 and the bank balance was \$4,323,680. The District was not exposed to custodial credit risk at year-end.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at May 31, 2021, as listed below:

	Certificates					
	Cash		of Deposit			Total
GENERAL FUND	\$	227,307	\$	3,150,000	\$	3,377,307
DEBT SERVICE FUND		162,119		725,000		887,119
CAPITAL PROJECTS FUND		100				100
TOTAL DEPOSITS	\$	389,526	\$	3,875,000	\$	4,264,526

#### **Investments**

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth;

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

Investments (Continued)

and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District records its investments in certificates of deposit at acquisition cost. The District also invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), a public funds investment pool. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor and Wells Fargo Bank, N.A., serves as the custodian for the pool. Texas CLASS is subject to the general supervision of the Board of Trustees and its Advisory Board, both of which are elected by the Texas CLASS participants. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. There are no limitations or restrictions on withdrawals from Texas CLASS.

The District records its certificates of deposit at acquisition cost.

From 1 1		Maturities of			
Fund and	D : ** 1	Less Than			
Investment Type	Fair Value	1 Year			
GENERAL FUND					
Texas CLASS	\$ 4,937,792	\$ 4,937,792			
Certificates of Deposit	3,150,000	3,150,000			
DEBT SERVICE FUND					
Texas CLASS	2,758,643	2,758,643			
Certificates of Deposit	725,000	725,000

TOTAL INVESTMENTS	\$ 11,687,127	\$ 11,687,127			

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The District manages credit risk by primarily investing in certificates of deposit with balances below FDIC coverage. At May 31, 2021, the District's investments in Texas CLASS were rated AAAm by Standard and Poor's.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### **NOTE 5. DEPOSITS AND INVESTMENTS** (Continued)

#### <u>Investments</u> (Continued)

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages interest rate risk by primarily investing in certificates of deposit with maturities of less than one year. The District considers the investments in Texas CLASS to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

#### Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

#### NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended May 31, 2021 is as follows:

	June 1,				May 31,
	2020	Increases	Decreases		2021
Capital Assets Not Being Depreciated Land and Land Improvements Construction in Progress	\$ 2,274,746 286,264	\$ 1,191,147	\$ 784,416	\$	2,274,746 692,995

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 7. MAINTENANCE TAX

On January 15, 1977, the voters of the District approved the levy and collection of a maintenance tax of not more than \$0.25 per \$100 of assessed valuation of taxable property within the District. This maintenance tax is to be used by the General Fund to pay expenditures of operating the District's waterworks and sanitary sewer system. During the year ended May 31, 2021, the District levied an ad valorem maintenance tax rate of \$0.23 per \$100 of assessed valuation, which resulted in a tax levy of \$2,181,165 on the adjusted taxable valuation of \$948,332,728 for the 2020 tax year.

#### NOTE 8. REGIONAL WASTEWATER TREATMENT PLANT

On June 10, 1974, the District entered into a contract with Harris County Fresh Water Supply District No. 51 (District No. 51) and Harris County Water Control and Improvement District No. 36 (District No. 36) for the financing, construction and operation of a regional wastewater treatment facility to be operated by District No. 51. In subsequent agreements this contract was modified to meet the additional capacity requirements of the districts. Pursuant to an addendum dated October 7, 1985, the District is exclusively entitled to and guaranteed capacity of 2,250,000 gpd of the 6,300,000 gpd facility. On May 1, 2004, the districts approved an amendment to this agreement to provide for the allocation of costs related to the operation and maintenance of the facilities and to provide for the construction of improvements to the wastewater transmission facilities by District No. 36 and District No. 51. The District participated in the agreement solely with respect to facilitating the contract amendments for District Nos. 36 and 51. Separate financial statements may be obtained by contacting the District's attorney, Sanford Kuhl Hagan Kugle Parker Kahn LLP. The participating districts and their respective pro rata share of capacity in the regional wastewater treatment plant are:

	Gallons-per-day	
	Capacity	Percentage
Harris County Municipal Utility		
District No. 53	2,250,000	35.71%
Harris County Water Control and		
Improvement District No. 36	1,500,000	23.81
Harris County Fresh Water Supply		
District No. 51	2,550,000	40.48
TOTAL	<u>6,300,000</u>	<u>100.00</u> %

Each participant is responsible only for its share of the operating costs of the Plant which are allocated and billed monthly based upon each participant's pro rata share of monthly water production. The District's advance for operations and maintenance of the regional wastewater treatment plant is \$42,808 and the District recorded total expenditures of \$536,051 as its share of the operating costs of the plant.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 8. REGIONAL WASTEWATER TREATMENT PLANT (Continued)

The following summary financial data for the regional wastewater treatment plant is presented for the fiscal year ending June 30, 2020:

	Joint Venture
Total Assets	\$ 240,815
Total Liabilities	120,937
Total Fund Balance	<u>\$ 119,878</u>
Total Revenues Total Expenditures	\$ 1,183,092 
Net Change in Fund Balance Beginning Fund Balance	\$ -0- 119,878
Ending Fund Balance	<u>\$ 119,878</u>

#### NOTE 9. WATER SUPPLY CONTRACT - NORTH CHANNEL WATER AUTHORITY

On January 31, 1991, the District entered into a Regional Water Supply Contract with the North Channel Water Authority (Authority) agreeing to participate in a plan whereby the Authority purchases treated surface water from the City of Houston. This will enable the District to meet the requirements of the Harris-Galveston Subsidence District (HGSD) for conversion to 80% surface water. This contract was restated on March 1, 2001. The Authority's plan also anticipates possible additional acquisitions of surface water and construction of additional water distribution lines in the future that will enable the District to remain in compliance with HGSD requirements. The Authority is the owner and operator of the system.

This contract will remain in effect until December 31, 2028, and thereafter from year-to-year until payment in full of the principal, premium, if any, and interest on all bonds and all related fees to be paid under any bond resolution or indenture securing the bonds.

The Authority issued bonds for the purpose of financing the capital costs of the initial project. The District chose to contribute cash in lieu of participating in the bond financing. In return for its contractual share of the capital costs of the system, the District acquired 2,200,000 gallonsper-day capacity in the Authority's surface water distribution system. In addition, the District pays its pro rata share of any special project related to the facilities.

During the current fiscal year, the District incurred costs of \$1,370,185 with respect to this contract. As of May 31, 2021, the District had a reserve with the Authority in the amount of \$76,999. Separate financial statements may be obtained by contacting the Authority's attorney, Allen Boone Humphries Robinson LLP. The following summary financial data of the Authority is presented for the year ending December 31, 2020.

# NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

## NOTE 9. WATER SUPPLY CONTRACT - NORTH CHANNEL WATER AUTHORITY (Continued)

#### NOTE 10. EMERGENCY WATER SUPPLY AGREEMENTS

On October 20, 1997, the District entered into an emergency water supply contract with Harris County Fresh Water Supply District No. 51. A first amendment to the contract was executed to extend the term to December 31, 2018. On September 11, 2018, a second amendment to the contract was executed continuing the term in full force and effect unless terminated by either party by giving written notice of its intent to terminate at least 18 months prior to actual termination. The interconnect facilities were constructed prior to this agreement. The price to be paid for water furnished under this agreement is at a rate equal to the supplying party's cost to supply the water.

On September 12, 2006, the District entered into an Emergency Water Supply Contract with Harris County Water Control and Improvement District No. 84 (District No. 84). A first amendment to the contract was executed to extend the term to August 11, 2025. District No. 84 is responsible for the installation and construction of all necessary facilities at the point of connection and is responsible for maintenance of such facilities. The using party will be charged the current North Channel Water Authority rate per 1,000 gallons plus \$0.50 per 1,000 gallons.

#### NOTE 11. WATER SUPPLY AND WASTE TRANSPORTATION AGREEMENT

On July 2, 1991, the District entered into a Water Supply and Waste Transportation Agreement with Harris County Water Control and Improvement District No. 36 for the purpose of providing potable water and sewer service to a 3.8183-acre tract of land within District No. 36. A first amendment to this agreement was approved December 1, 2003, allowing District No. 36 to provide water originally supplied by the District to Harris County Fresh Water Supply District No. 47 on an emergency basis.

#### NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 12. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

#### NOTE 13. STRATEGIC PARTNERSHIP AGREEMENT

Effective May 3, 2007, the District entered into a Strategic Partnership Agreement with the City of Houston, Texas. The agreement was amended and restated on November 16, 2012 and on December 12, 2019. The agreement provides that in accordance with Subchapter F of Chapter 43 of the Local Government Code and Act, the City shall annex a tract of land defined as the "Tract" for the limited purposes of applying the City's Planning, Zoning, Health, and Safety Ordinances within the Tract within the boundaries of the District. The District will continue to develop, to own, and to operate and maintain a water, wastewater, and drainage system in the District.

The City imposes a Sales and Use Tax within the boundaries of the Tract at the rate of one percent or the rate specified under the future amendments to Chapter 321 of the Tax Code. The City pays the District one-half of all Sales and Use Tax revenues generated within the boundaries of the Tract. The City delivers to the District its share of the sales tax receipts within 30 days of the City receiving the funds from the State Comptroller's office. During the fiscal year ended May 31, 2021, the District recorded sales tax revenues of \$594,062, of which \$162,373 was receivable as of the fiscal year end. The City agrees that it will not annex the District for full purposes or commence any action to annex the District for full purposes during the term of this Agreement. The term of this Agreement is 30 years from the effective date of the agreement.

#### NOTE 14. UNREIMBURSED COSTS

The District executed financing agreements with Developers which call for the Developers to fund costs associated with the construction of public infrastructure located within the District. Reimbursement for the infrastructure costs will come from operating or construction funds to the extent approved by the Commission. The prior year balance of \$222,333 was reduced by payments and adjustments totaling \$123,101, which resulted in an ending balance of \$99,232.

#### NOTE 15. USE OF SURPLUS FUNDS

On March 12, 2021, the Commission approved the District's application to use \$113,471 in surplus operating funds to reimburse a developer for costs associated with water, wastewater and drainage facilities to serve Rancho Verde, Section 9 and clearing and grubbing costs to serve Rancho Verde. A reimbursement of \$113,078 was made to the developer on April 13, 2021.

# NOTES TO THE FINANCIAL STATEMENTS MAY 31, 2021

#### NOTE 16. ECONOMIC UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. Since that time, the District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19. The District will continue to carefully monitor the situation and evaluate the financial statement impact, if any, that results from the pandemic.
